

Dr. Kelly Mercer Davidson is an Associate Professor of Medicine in the Division of Hematology and Oncology at the University of Virginia (UVA). She serves as section chief for Classical Hematology at UVA. Dr. Davidson received a biology degree summa cum laude from Georgetown University and her medical degree from Washington University in St. Louis. She completed internship and residency in internal medicine at Beth Israel Deaconess Medical Center in Boston, Massachusetts and fellowship training in hematology and oncology at UVA. Dr. Davidson specializes in the treatment of adult patients with a wide-array of non-malignant (classical) hematologic diseases, including cytopenias, hemoglobinopathies, and myeloid disorders
