

Bhumika Patel is an Associate Professor of Medicine, who has been in hematology and oncology practice since 2019. Dr. Patel received her medical degree from St. Matthews University School of Medicine in Grand Cayman, completed her residency at Prisma Health in Greenville and two fellowships at the Cleveland Clinic. She worked as a staff physician in the hematology and oncology department at the Cleveland Clinic from 2019–2022 and currently at Prisma Health affiliated with the University of South Carolina School of Medicine. She is board certified by the American Board of Internal Medicine, Oncology, and Hematology.

Dr. Patel takes pride in delivering thorough and compassionate cancer care, striving to educate her patients about their disease, presenting them with all options, and empowering them to take an active role in their health in a family-oriented way. While proficient in all aspects of hematology, she has special clinical and research interests in idiopathic cytopenia of undetermined significance, clonal hematopoiesis of indeterminate significance, clonal cytopenia of undetermined significance, aplastic anemia, PNH, telomere biology disorders, T-LGL, PRCA, MDS, MPN, acute leukemias, lymphomas, myeloma and cellular therapies. She leads the phase 1 malignant hematology trials in the institute for translational oncology research (ITOR).
